Festoon Lights: 80 meters

## Other

Signing Table 1  
White Chairs 8  
Wine barrels 4  
Trestle tables 16

# GENERAL INFORMATION

---

## Property Use

Exclusive Use - we only host one wedding at a time.

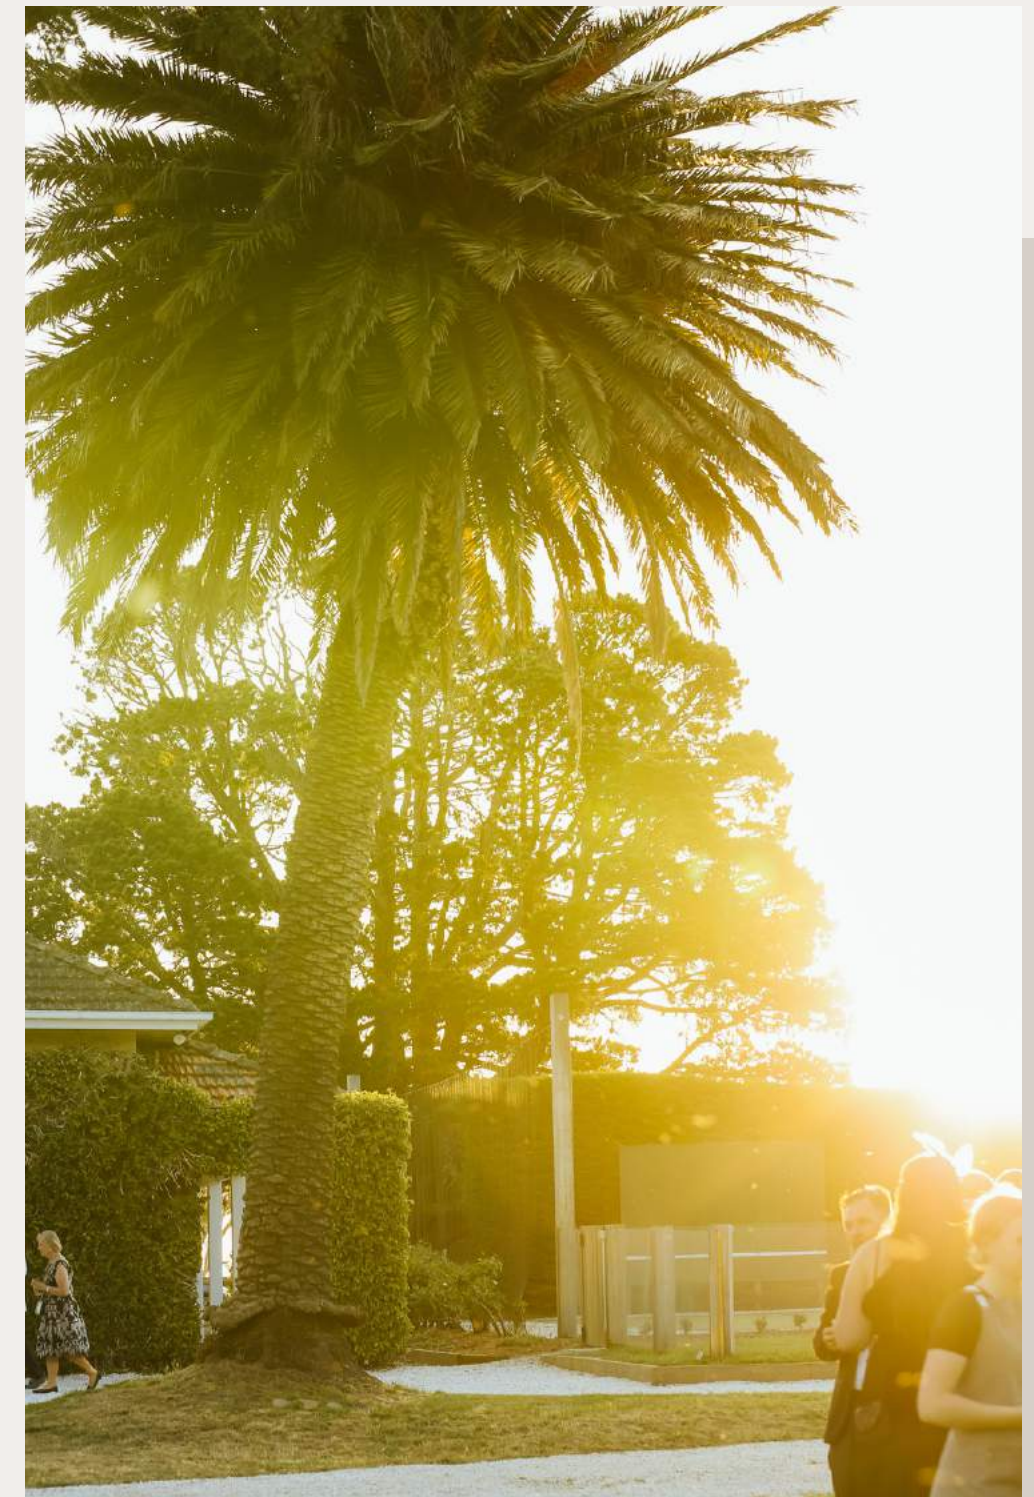

Rehearsals can be scheduled at your convenience during our normal opening hours and on Thursday evenings, subject of course to us working around existing bookings. There is no charge.

## Homestead

The Homestead is an historic family home containing many heirlooms and valuables and so reserved for those in-house guests only. Unless strictly pre agreed, the main event or wedding shall be focused around the front garden, stables, tennis court or other locations outlined in the Mount William Wedding Packages document

## Supplier Coordination

Event suppliers to drop off and pick up equipment within the booked window. However the venue will accommodate where possible, practical requests by suppliers outside the Wedding Date window, provided it doesn't affect other guest bookings.

### **Decorations**

Any event decorations should be arranged externally and disposed before leaving the premises. The use of confetti or rice is not recommended, we suggest rose petals or bubbles as a great alternative. Please note they are only to be used outside the buildings.

Sparklers and fireworks can be used upon request (subject to fire restrictions).

### **Curfew**

Our farm curfew is at midnight to respect the neighbours and align with the local council policies.

### **Recovery at the estate**

Our pool area is perfect for relaxing in the newlywed bliss. We highly recommend booking an additional night to properly recover at the estate.

### **What time is the pack-up of the wedding?**

The pack-up of the event (including glamping, marquees and other equipment) is at 10 am on the last day of your booking. Please make sure to respect the check-out time in our remote area, as we have limited time to prepare for our next guests. In case you would like to explore late check out options and costs or book additional night at the venue please let us know so we can do our best to accommodate your preference. As our lawn gets damaged very quickly if covered, we appreciate removing a dance floor as soon as possible.

### **Rubbish**

All rubbish/food items from the property needs to be removed at the end of the event. The council cost of removal has been included in your event fee package for one skip bin. Please contact us if you are unsure if you need to provide another skip bin.

### **Power**

Our Homestead and Shearers Quarters are sufficiently powered for the max. number of guests that can stay there. So are the Bluestone Stables with a fully equipped bar, lighting and fans. For any additional power requirements like extra lights, DJ etc. a generator needs to be brought in. Our outdoor power points are limited, please let us know your requirements.

# CATERING & PLANNING FAQ

---

## **Do you offer catering services?**

Yes - Our Executive Head Chef caters for on farm guests, leading up to the event, on the morning of the wedding and do recovery grazing boards and barbecues. For the main event, he provides catering for up to 120 people. For bigger groups, we can recommend great local caterers. Enquire today about three-course gourmet dinners and full hospitality packages for guests staying at the Homestead & Shearer's Quarters.

## **Bar service**

We will provide all drinks for your event, BYO Drinks can be discussed upon request. A buyout fee will apply. We offer many drinks packages based on your preference & budget. Enquire today for pricing and latest offers.

## **Are we able to use our own vendors?**

Yes, you are! You may also ask us for a list of our trusted vendors. Please note that additional equipment would need to be brought in by external caterers. Ideally they provide gas cooking facilities or bring a generator as our power supplies are limited.

## **Can our suppliers bring deliveries and make preparations beforehand?**

Yes, they can. Just let us know the schedules for deliveries, contacts and preparations well in advance.

## **Does the venue coordinator provide wedding planning services?**

No, we highly recommend having a wedding planner or at least day of coordinator as we cannot provide this service. Our event manager is the main point of contact for inspections and lead up communications, also happy to coordinate vendors the day prior as well as pick ups if contacts, timings and floorplans are provided.

---
